LETTER FROM THE PRESIDENT

Greetings fellow COTP Members,

Summer is here! For some of you that means a break from teaching, for others it is business as usual. Regardless of the category you fall in as educators, the most wonderful time of the year is upon us: graduation season. We see the hard work and time our students have invested pay off. Many have conquered adversity to walk across the graduation stage and it serves me well to be reminded that our students sacrifice much to be where they are now. We play a part in changing a person's life, which is an honor I do not take lightly. Being able to share in this experience inspires me to be ready to serve our next group of students.

In the last newsletter, I mentioned the updated COTP webpage. I am pleased to see many of you have made it your own. From sharing program highlights to participation in the forum area, it is our site and we are using it. In addition, the Bylaws Committee and Education Committee have been hard at work; thank you! The group is looking forward to hearing updates during the annual meeting in November.

To continue the initiative of recruitment, I am excited to report that I attended the HOSA International Leadership Conference in Dallas, Texas at the end of June. Continue reading for more information on HOSA.

I hope to see each of you during ACE 2018 in Chicago October 26-28. This event is a once a year opportunity to see one another face-to-face and share ideas that help to better serve our students, our programs, and the profession. I hope your program will participate in COTP's annual business meeting on Saturday, October 27, 2018. It is never too soon to begin thinking of topics you would like to see on the agenda.

I hope each of you find time this summer to enjoy friends and family.

Faith Race, BS, COT, OSC
COTP President

HOSA

HOSA-Future Health Professionals (formerly Health Occupation Students of America), as stated on their website (www.hosa.org/about), is an international student organization recognized by the U.S. Department of Education and the Health Science Education (HSE) Division of the Association for Career and Technical Education (ACTE). HOSA's two-fold mission is to promote career opportunities in the health care industry and to enhance the delivery of quality health care to all people.

HOSA's 2018 International Leadership Conference (ILC) was held in Dallas, Texas, from June 27-June 30, 2018. IJCAHPO, COTP, and ATPO attended the ILC to spread awareness of formal training programs and the profession. Faith Race, COT, OSC (COTP President), Suzanne Hansen, MEd, COMT, OSC (ICA's IJCAHPO Representative), and Wade Delk (IJCAHPO Staff/ATPO Executive Director) represented the three organizations in Texas. Our representatives spoke with hundreds of young adults at the Exhibit Hall and nearly 200 attendees provided their contact information to receive additional information!

Faith Race and Suzanne Hansen provided an educational and exciting workshop on a career as an ophthalmic technician. During the well-attended workshops, attendees experienced hands-on use of the Worth four-dot test and Titmus test. A demonstration of how to discover their physiologic blind spot was a hit! Information regarding how to enter the field was also provided.

The ICA Board of Directors met in July to finalize the Standards. The Standards will be released to all COTP Program Directors and Medical Directors on August 1, 2018, prior to being released for the Public Hearing.  - Includes 7 Standards
 - Each Standard has multiple criteria to meet – total of 39
 - Identified “critical criteria” that carries a heavier weight
 - Adopted the CMA numbering system (e.g., 3.1, 3.2, 3.3 replaces IV.A.3, IV.A.4, IV.A.5)
